

GALLERY INTRODUCTION

Richard Beau Lieu founded the Neighborhood Gallery and Fine Art Appraisers in 1986. At the time it was also a sculpture studio and a place to teach satellite classes for the Armory School of Visual Arts.

The area has flourished into a thriving home for artists of all mediums and hosts a gallery walk on the third Thursday of every month. The gallery handles the work of contemporary artists and sculptors that are both local and nationally known.

You may shop from a large collection of indoor and outdoor sculpture, contemporary oil and acrylic paintings and a variety of objects of art. If you have questions about art pieces in your collection or are seeking information on art appraisals or evaluation of your collection we can be of help.

Richard Beau Lieu is a national known sculptor, certified art appraiser and member of IFAA, *International Fine Art Appraisers*. The gallery offers a host of services including restoration of paintings and sculpture, repairs, installation of art and consultation. If you are seeking portraits or are interested in commissioning work the gallery has a qualified group of artist to choose from. As a military veteran Mr. Beau Lieu has been involved in the creation of several veterans and first responder memorials.
